EMERGENCY SERVICE:

After-hours emergencies are considered those situations that are causing or may cause injury to a person or damage to property such as a flood or a water leak, downed power lines or trees or dangerous situations. For emergencies only co-owners and tenants may call AMI (800-821-8800) and follow the prompts to reach the after-hours live answering service that will dispatch the call to the community manager. If a contractor is dispatched as a result of a call that is NOT an emergency, there will be a minimum charge assessed to the Co-owner of \$75. Note: lawn sprinklers running for more than 2 hours, unless it is leaking into a unit, are not considered an emergency.

**In the event of a FIRE, do NOT call AMI.
Call 911 immediately!**
